 SINGS THE BOB DYLAN SONGBOOK VOL. 1
 Stellar!

Regardless of musical penchant, Bob Dylan has been ever present and influencing. His ability to craft a phrase simply and honestly is so plainly poetic it permeates the head and heart. I am a lover of words. And, like many other lyricists inspired singers of their time, Bob's prose inspired me to sing his "songbook." As it turns out, I became a legitimate Dylan fan only after I tackled, articulated and assimilated his words... wrestled with, tampered with, and slept with his words. I made his words my own so I could pass them on through another set of pipes, another set of standards and yet another view. Thank you Mr. Zimmerman.
